PROFESSIONAL SUMMARY

Detail-oriented Information Technology graduate with a foundation in programming, software development, and basic SQL concepts. Seeking an entry-level role where I can apply my technical skills, learn industry best practices, and contribute to building reliable software solutions.

EDUCATION

Bachelor of Technology in Information Technology	2022 – 2026
College of Engineering Vadakara, APJ Abdul Kalam Technological University	
Higher Secondary Education	2019 – 2021
BEM GHSS, Kerala State Board	
Secondary Education	2018 – 2019
JDT Islam Iqraa English Medium High School, Kerala State Board	

TECHNICAL SKILLS

- Programming Languages:** C, Python, JavaScript
- Web Technologies:** HTML, CSS
- Web Development:** Responsive Web Design, Flexbox, CSS Grid, Basic DOM Manipulation
- Version Control:** Git, GitHub
- Development Tools:** VS Code
- Databases:** SQL (Basic)
- Tools:** MS Word, PowerPoint, Excel, Canva

INTERNSHIP

Flutter App Development Intern — Metaloop Global IT Services Pvt. Ltd.

- Completed internship training in Flutter-based mobile application development.
- Gained introductory exposure to Dart programming and Flutter UI components.
- Assisted with simple application features and basic functionality testing.
- Completed technical assessments and quizzes as part of the training.

PROJECTS

VERTEX CEV — An AI-Powered Career Recommendation and College Portal System

- Developed an integrated college portal with role-based access for students, admins, and companies, supporting career guidance and placement activities.
- Implemented a hybrid career recommendation engine using Euclidean distance and Cosine similarity to generate top career recommendations with confidence scores and skill-gap analysis.
- Developed a personalized 3-month career roadmap that identifies skill gaps and generates weekly learning tasks, resources, and goals.
- Implemented a RAG-based PDF doubt-clearing assistant using text extraction, embeddings, FAISS retrieval, and context-based question answering.

Personal Portfolio Website

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive layouts using Flexbox and CSS Grid for different screen sizes.
- Added interactive features using JavaScript and basic DOM manipulation.
- Used Git and GitHub for version control and project management.

CERTIFICATIONS

- NPTEL Certification in Ethics in Engineering Practice** 2024

CONFERENCE PRESENTATION

- Paper Presentation:** Presented “Hybrid Vector-Based Career Recommendation System” at the International Conference on Digital Technologies and Smart Engineering Systems (ICDTSES 2026), NIT Puducherry, February 2026. Abstract published in the ISBN-indexed conference proceedings.

VOLUNTEERING

- Volunteer, National Level TechFest QuassoLiberum 10** — College of Engineering Vadakara, December 2022.

ADDITIONAL DETAILS

Languages: Malayalam, English, Hindi

Interests: Software Development, Web Application Development, Cybersecurity

Strengths: Problem Solving, Willingness to Learn, Adaptability, Attention to Detail
